

APPOLOGY TO GERMANY DOES NOT PLEASE

GOVERNMENT ACTION IS CRITICISED BY AMERICAN LEGION

Says So In Resolution Adopted and Sent to Members of Congress--Will Keep Out of Non Partisan Fight In Oklahoma--May Refuse K. C. Offer

(By The Associated Press)
WASHINGTON, Feb. 8.—Regret that the American government saw fit to apologize to the Berlin government for the attempt of Americans to capture Grover C. Bergdall, wealthy American draft evader, was expressed in a resolution adopted today by the executive committee of the American Legion in session here. The resolution ordered sent to the members of congress approved the proposed congressional investigation of the circumstances surrounding Bergdall's escape from custody.

Efforts to put the legion on record as opposing the Non-Partisan League were made by members from Oklahoma and other states where the league is active but after considerable debate various resolutions were voted down and tabled. The committee then voted unanimously to uphold F. A. Galbraith, national commander in his stand in advising state commanders of Kansas, Nebraska and Oklahoma that the legion itself, should take no active part against the league as an organization.

May Refuse K. C. Offer.
Announcement was made at today's meeting that efforts would be made to have the Knights of Columbus erect a memorial to the legion of \$5,000,000 for construction of a war memorial in Washington. The committee last night voted to refuse the offer unless made unconditionally.

John G. Emery, chairman of a committee appointed to take the matter up with the Knights of Columbus expressed belief today that the money offered by the Knights of Columbus could not be used to erect a memorial under an agreement entered into by the Knights as one of the seven participants in the United War Work campaign fund.

This agreement was said to stipulate that no funds raised by public subscriptions "should be used for non-war work or pre-war structures."

The Y. M. C. A. recently gave its part of the general war work fund as a trust fund and under a resolution adopted by the committee today, may be used as collateral.

The committee adopted a memorial urging congress to unite with the allied nations in assembling the bodies of the unnamed dead of the associated armies in France and erecting a memorial to them.

WANT AUTHORITY FOR AUTHORIZING FLIGHT

(By The Associated Press)
WASHINGTON, Feb. 8.—The record of the naval court of inquiry which investigated the spectacular flight of the naval balloons Hinton, Kloor and Farrell from Rockaway, Long Island to Moose Factory, Ont., has been sent back for revision of the sections relating to the authority of the commandant at Rockaway air station to order the flight, Secretary Daniels announced tonight.

Mr. Daniels said it had been suggested to him that the court had not gone deeply enough into the clash of Mattie between Lieutenants Hinton and Farrell at the conclusion of the flight trip from Moose Factory, Ont. he had not instructed any further inquiry into this angle of the case, he said. The officers had patched up their grievances and all concerned were willing to "let bygones be bygones," Mr. Daniels said.

TEACHER BEATEN BY TEACHER GROWING WEAKER

Los Angeles, Calif., Feb. 8.—Frank Lee, 14 years old school boy of Las Vegas, Nevada, who his mother said was beaten by a man school teacher, was reported weaker today in the hospital where he was operated on for the removal of a blood clot from the spine.

Harmon, district attorney of Clark county, Nevada, arrived to investigate the case.

BRITISH PREMIER MAKES PLEA FOR POLITICAL UNITY

Asks Parties Not to Resurgent Factional Fights Now

GIGANTIC EVENTS ARE IN THE MAKING

(By The Associated Press)
LONDON, Feb. 8.—"We are engaged in a terrible task," said Premier Lloyd George in a speech today to the Welsh National Liberal Council in which impassioned words he defended the coalition government and pleaded ardently for a continuation of political unity. "It is something more important than defending myself and my administration."

He asked whether anyone could say that the need for unity had passed and explained:

"I wish to God everybody would, because it worries me. It fills me sometimes with dread. If someone could tell me that the danger is past, someone with authority, someone with vision, someone whose word we could take, I should be so glad that I would sign my resignation tomorrow."

World is Reeling.
A world reeling under the most terrible blow ever dealt, was the way he described the situation of today, gigantic events were in the making and old factional fights among the various parties should not be resurrected until the peril was over.

The prime minister's speech was in answer to recent vigorous attacks against the coalition and the breaking away of some of the important coalitionists, who have decided that the time has come to stand for their own parties.

Speaks of Ireland.

Alluding to Ireland, he said the coalitionists had given Ireland a greater measure of home rule than either Gladstone or Asquith had proposed.

"But," he added, "they say they won't take it. They must get it and if they don't get it, we are told, they will kill our policemen, our soldiers—not in open fighting, but hiding in homes, walking as respectable tenant farmers or swagging along the road until they come to a hiding place, where they find rifles, passing perhaps the very policemen they are about to murder, as tho they were innocent men."

"Are we to allow that sort of thing to be done without protecting the people we are sending there?" (Cries of no.)

"There is no issue between us and our political opponents, on home rule. We have gone one better than the Gladstonian home rule."

"There is an issue about setting up an independent country by our very gates—by the places where submarines used to lurk and sink our ships and endanger our commerce and the life of the nation. There is an issue as to whether the policemen and soldiers who are there upholding the honor of our flag are to be shot down by men who lurk in houses. I know of no other issue."

PROTEST AGAINST WAGE REDUCTION

(By The Associated Press)
CHICAGO, Feb. 8.—Complaint against a reduction of 27 percent in the wages of track laborers on the Erie railroad company which went into effect Feb. 1 will be filed with the United States railroad labor board tomorrow if it was announced tonight. The petition which will be filed by the United Brotherhood of Maintenance of Way employees and Railway Shop Laborers alleges violation of the transportation. It asks that the board enter an order directing the Erie Railroad to live up to the national wage agreement. The petitioners allege that the reduction has created unrest among the employees and that such a situation "must necessarily lead to disturbances which will interfere with public traffic."

POLES AND RUSSIANS ACREE ON BOUNDARIES

WASHINGTON, Feb. 8.—Polish and Russian representatives engaged in drafting a peace treaty have agreed on the rectification of boundaries and the exchange of prisoners, according to advices to the state department today but consideration of other questions is delaying the negotiations. The amount of gold to be paid Poland and the points involved in the re-evacuation of Polish property now in soviet Russia are reported to be particularly difficult of adjustment.

WASHINGTON COAL DEALER RELATES HIS EXPERIENCES

One Employee Told All His Business to Association

HAD DEPARTMENT OF JUSTICE AGENT

(By The Associated Press)
WASHINGTON, Feb. 8.—Specific charges that a combination exists in the coal trade to maintain high prices of coal in this city and to shut off the supply of coal to dealers who cut rates were put before the senate committee considering the Culler Coal Regulation bill today by John C. L. Ritter, who said the combination put him out of business.

Chairman LaFollette ruled that the committee would go further with the inquiry after Senator Reed, Democrat, Missouri, declared that the witness had established a prima facie case of conspiracy to violate anti-trust laws on the part of a local association, and moved that the department of justice agents be summoned to explain their attitude in the matter.

"There wasn't a man in the country who would contract to give me my next year's supply," Ritter asserted, "and I had to do business with any Gypsy I could find who would sell me dirt for coal."

He didn't "lose any money," but did have a lot of fun he added, in further detailing his experiences. These included having a man in his own employ "who reported every day on all my business to the association," and having "a department of justice agent along with me for so many days they thought he was working for me, too."

No prosecution had been instituted, under anti-trust laws, Ritter said, but a civil suit had been brought altho his attorney had informed him, he said, that "this bunch is too strong for us."

"This is a serious thing," Senator Reed interjected. "The penitentiary doors are opening for these men if they are guilty of what you say."

Has Had His Fun.

"They have had his fun," Ritter retorted. "The only reason I am up here because the poor people have to buy their coal from these people and pay the prices. I've had my fun with them. But the first of last April I had to step out."

Chairman LaFollette ruled that the federal agents be brought in to see if the "other man has a story, too," but the point was left for later decision. Ritter said his supply of coal had been shut off because he refused to make his prices conform with those stipulated by the coal men's association.

BIG TIM MURPHY IS HELD UNDER BOND

Labor Leader, Placed Under \$30,000 Bond in Future Hearing

Murphy's arrest hearing was held today in connection with the \$100,000 bond robbery at Pullman, Ill., last August, today was released on bonds of \$30,000, and instructed to appear Feb. 16 for a hearing before United States Commissioner Lewis F. Mason.

Vincenzo Cosmano, another labor leader, alleged to be implicated with Murphy and who now is out on bonds will be heard by Murphy.

Murphy today entered a plea of not guilty when arraigned and reiterated his former declarations that his arrest was a "frame-up."

Post office inspectors said they expected soon to arrest the man who drove the automobile which is alleged to have been used by the bandits in the Pullman robbery.

LIQUOR CANNOT BE SHIPPED THRU U. S. TO FOREIGN COUNTRY

National Prohibition Act Covers This Question is the Opinion of Acting Attorney General Nebeker—Can be Sent Thru the Panama Canal and Over the Panama Railroad

(By The Associated Press)

WASHINGTON, Feb. 8.—Trans-shipment of intoxicating liquors for beverage purposes from one foreign country to another thru the United States is prohibited by the national prohibition act according to an opinion of Acting Attorney General Nebeker made public today.

The opinion was in reply to an inquiry of the treasury department as to whether the prohibition laws affect the provisions of the customs laws, which permit all merchandise arriving at any port and designed for a foreign country to be conveyed thru the United States without payment of duties.

"The National prohibition act," Mr. Nebeker declared, "applies to all the territory of the United States that is not otherwise excepted from its operation and extends to all waters within its territorial limits, including a marine league from the shore; within these waters, the manufacture, sale transportation, etc., is prohibited."

Transportation of liquor thru the Panama canal and on the Panama railroad the official said was expressly excepted.

Liquors Subject to Seizure.

Violation of the law officials said would render such liquor subject to seizure. Closing the United States to liquor trans-shipment, prohibition officials said would solve another enforcement problem by shutting off a source of illegal supply.

Consignments from Canada they added have failed to reach the ports for shipment abroad or trace has been lost of shipments thru the United States to Mexico.

Shipping board officials expressed considerable interest in the effect of the acting attorney general's opinion upon the right of American ships plying between foreign ports with cargoes of liquor.

Discussing the question of whether possession of such liquor would be in the carrier or in the carrier, Mr. Nebeker declared that both transportation and possession are within the territory of the United States. Such a construction, it was suggested, might mean the extension of the attorney general's recent ruling that the flag follows the ships in the matter of the sale of liquor to the question of transportation.

WINSLOW BILL HAS PRIVILEGED STATUS

Esch Says Legislation Needed Because Treasury Has Refused to Accept Interstate Commerce Ruling.

WASHINGTON, D. C., Feb. 8.—Brought up under a rule giving it privileged status the Winslow bill authorizing partial payment to railroads under the guaranty section of the transportation act was passed today by the House.

Chairman Esch of the Interstate Commerce committee, which reported the measure, said legislation was needed, because the treasury had refused to accept the ruling of the Interstate Commerce commission that about \$25,000,000 due the carriers should be paid now as the law stipulated.

By giving the roads the money due them Representative Rayburn, Democrat, Texas, a member of the committee, declared they would be able to operate on a sane basis free from entanglements with the government.

A bill just passed by the senate approves the plan for the expenditure of \$100,000,000 for state roads. For years past congress has been enacting legislation for federal aid in the road program but thus far there is at least no local knowledge of any of this nationally provided money being spent upon the highways.

What has become of the "old fashioned" weather prophet who predicted that there would be severe winter weather in January, followed by several weeks of zero weather in February? If present conditions continue only a few more days, all weather records that the average man can remember will have been broken.

The American Legion voices popular opinion in disagreeing with the government policy of apologizing to Germany for the recent Bergdoll incident. Every ex-service man—especially those who were overseas—has special reason for wanting real punishment administered to the draft evader Bergdoll, and most of

them can't understand the legal phase of the question which makes such an unjust situation possible.

The dean of a New York college has made a suggestion for settling the disappointment of Liberty bond holders over present prices and incidentally he proposes to release the government from a heavy obligation. The aforesaid college professor's idea is that on a certain day all persons who hold Liberty bonds shall burn them. So far no one has heard an enthusiastic second to the motion, nor a chorus of popular approval. The suggestion is just about as wise as some others that have been made for the settlement of various governmental financial difficulties.

Now it is said that certain Illinois manufacturers are opposing the state constabulary bill because members of the force cannot be used for strike or riot duty without a call has been received from the governor, sheriff or mayor. It is opposition of this kind which gives point to some of the argument of organized labor that big business wants the constabulary for use in labor controversies.

The provision that state police will be called on strike or riot duty only under specific circumstances is reasonable. The great use for the state police will be in patrolling the country roads, in ridding the downstate territory of the menace of highway and bank robbers, for the offenders against the law of this class are fast increasing.

Judge Jenkins, the new director of public welfare has indicated that he will begin his work by inspecting all of the institutions under his care. This certainly is a practical way for the head of such an important state department to begin his task. By such an inspection trip the new director can lay the ground work for a thorough understanding of the conditions which obtain at the various institutions. There are 30,000 wards of the state in these institutions, and it is the announced intention of Judge Jenkins to give these wards the care and thought that the state intends in maintaining the department.

ONE WAY TRAFFIC.
There is only one road to the town of "Success."
The name of the road is "Work."
It has room for only honest guests.
Traffic is blocked to those that shirk.
The road is open all hours of today.
It heeds neither time nor date.

And now is the time to start on your way.

For tomorrow will be too late.

Nearly all of the way is an uphill road;

It will seem like a tough old fight,

But once on your way just bear up your load

And keep going with all your might.

You will pass thru many towns each day

Such as Failure, Gloom and Despair;

At each of these stations just keep on your way,

For "Work" does not tarry there.

After you have entered the town of "Success,"
Tho your load may have been hard to bear.

Once inside you will find both comfort and rest,

Just be thankful you started for there.

The Methodist Board of Temperance, Prohibition and Public Morals threatens to demand legislation that will prevent musical comedies, vaudeville acts and movie films from using jokes about prohibition that are calculated to hold the Volstead law up to ridicule. "This persistent propaganda against prohibition must be stopped," say those on the Board. We have noticed that any joke referring to prohibition is today a sure-fire laugh wherever people go to be entertained. If there were not something radically wrong about the Volstead law, people would frown on any attempt to bring a constitutional provision into reproach instead of gladly applauding it as they do. After all, it may be that Americans do not want prohibition. And you can't expect people to respect a law that has proven itself a painful joke.

The Lack Of Money Is The Root Of All Evil.

Luke McLuke Says.

After a man has been married for a while he discovers that it only takes one to make a quarrel. Maybe if men took as good care of their complexions as women do, Nature might give the men better complexions to work on.

When a man's wife gets so that she doesn't give a hoot when he goes out or what time he gets home, it is time he was starting home any paying a little attention to her.

Some men spend so much time wondering where other people get all their money that they never have any of their own. Even when a man fails at everything else he can always become an Efficiency Expert and tell other men how things should be done.

Even if you do not get many boosts, remember that if you didn't have the other fellow worried he wouldn't be knocking you.

At that, Compulsory Bathing on Saturday Night would do more good than Compulsory Church Attendance on Sunday Morning.

And a woman doesn't have to hunt up a bootlegger and spend twenty bucks when she wants to get a headache.

There is a little of the Rabbit in every man and a little of the Tiger in every woman. Another strange thing is how proud a decent-looking woman can be when she introduces a dish-faced Whisker Incubator as her Husband.

A woman can get as many thrills out of a page advertisement of a bargain sale in a department store as a man can out of a detective story.

Q&A

About Batteries

Q.—Is there really any difference in batteries?

A.—Yes, but there are really only two kinds of batteries. Those with wood separators and those with Threaded Rubber Insulation.

Q.—Is Threaded Rubber Insulation the only feature that puts the Willard Threaded Rubber Battery ahead of the ordinary automobile battery?

A.—By no means. The Willard Threaded Rubber Battery has all the improvements that have grown out of Willard's years of specialization in building starting, lighting and ignition batteries. Ask us about it.

All makes of batteries repaired and recharged. Starter, Generator and Ignition work a specialty. Brunswick Tires and Tubes.

Deaths

Seabolt.

The death of Dewey Seabolt occurred at 1:30 o'clock Monday afternoon at the family home five miles northeast of Alexander and followed an illness of four weeks from pneumonia and complications. The deceased was born and reared in Kentucky, but for the past four or five years has been living in Alexander precinct, occupying the tenant house on the farm of J. E. Corrington.

The deceased is survived by his wife and one small child. He also leaves his parents, Mr. and Mrs. Dewey Seabolt, two sisters and one brother, all resident in Kentucky.

Funeral services will be held Thursday morning at Ashland and interment will be made in the cemetery there.

Quigley.

Mrs. Anna Quigley passed away at the family residence 615 East North street, Tuesday morning at 5:40 o'clock. Death was due to causes incident to old age.

Mrs. Quigley was born in Tipperary county, Ireland in 1838. When she was thirteen years old the family came to America and first settled in Canada. They later moved to Morgan county where most of Mrs. Quigley's life was spent. She lived for fifteen years in Chapin and then moved to Jacksonville where she has lived ever since.

Mrs. Quigley was a devout member of the Church of Our Savior, a true Christian and loved by all who knew her. She was always kind to everyone and always ready to help those in need or trouble. She will be sadly missed by many friends.

The deceased was preceded in death by her husband who died forty-two years ago. She was the mother of ten children, five of whom survive her.

John, of Centerville, Iowa, Joseph of East St. Louis, Mrs. C. W. Taylor, of Quincy and Mrs. Mary Graubner and Anna Quigley of Jacksonville. She was preceded in death by Mrs. William Hogan of Chapin, Patrick Quigley, Thomas Quigley and two children who died in infancy. Mrs. Quigley had eleven grandchildren and five great grandchildren and a sister who lives in Australia.

Funeral services will be held at 9 o'clock Thursday morning at the Church of Our Savior. Interment will be made in Oakview cemetery.

Women Men Admire
Men admire a pretty face, a good figure, but most of all the happy, healthy, contented woman, as beauty fades and the figure will change. Women who are troubled with backache, headaches, those dreadful dragging sensations, and nervous irritability, cannot hope to be popular, and advancement in either home, business or social life is impossible. The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound, as it is a natural restorative for such conditions, and dispels effectually all these distressing symptoms.—Adv.

NOTED IRISH TENOR COMING TO CITY

Allen McQuhae will appear under Auspices of American Legion—Mrs. Read Is Manager

Allen McQuhae, the new Irish tenor, who has risen to fame and prominence in the musical world will be heard here for the first time on Friday, Feb. 25 at Music Hall of the Woman's College.

He is coming under the auspices of the American Legion and the management of Helen Brown Read.

Mr. McQuhae was just beginning to get established on the concert stage when the war broke out, and he enlisted and served two years overseas. His is a rare type of voice; the true lyric tenor, yet with a dramatic tendency; a warm voice, with the melting Irish timbre, which soars easily to the top notes; a smooth voice which is no less effective in messa-di-voce than in the ringing climaxes. He has the feeling for the phrase, also, and has always been noted for his very excellent diction. He is the appealing sort of an artist, who once heard, one wishes to hear again.

Coupled with this is a personality that is most ingratiating and adds greatly to his other artistic charms. Both Mr. McQuhae's serious and his classic numbers as well as the more popular Irish ballads and folk songs are given with the keenest understanding and appreciation of their artistic value.

TREAT CHILDREN'S COLDS WITH TURPO

"I could not keep house without Turpo," says a mother with small children, who has used this valuable home remedy for several years, to ward off the attacks of cold troubles. Children are especially liable to coughs and colds in wet, changeable weather. If these colds are neglected such serious troubles as tonsillitis, catarrh, croup, grippe and pneumonia are likely to result. The right way to treat these colds is to stop them at once with an application of Turpo, the Turpentine Ointment.

Turpo is a clear salve or ointment made from the old-fashioned remedies, distilled Turpentine, Camphor and Menthol, scientifically combined in a clear mineral base. It can be used on even the smallest child without any fear of burning or blistering. It gives immediate relief in all colds and congestion. It is also a valuable antiseptic for cuts, sprains and burns. The careful mother will always have a jar of Turpo in the home.

If in doubt, ask your doctor about Turpo. He will confirm that it is an honest and reliable home remedy. All druggists sell it on a guarantee of money back if not satisfactory.

Sold in white opal jars with the orange and black label, at 30c and 60c.

Funerals
Harding.
Funeral services for the late Mrs. Walter T. Hardy were held at Central Christian church Tuesday morning at 10:30 o'clock. The service was in charge of Rev. L. R. Cronkrite of the Lynnville Christian church, where Mrs. Hardy had for a number of years been an active member. Rev. M. L. Pontius assisted in the service. Interment was in Diamond Grove cemetery, where the bearers were H. C. Clement, C. H. Gibbs, Fred Jewsbury, Al. Jewsbury, H. V. McNeely and Roy McKinney.

BOY SCOUT COUNCIL IS ORGANIZED HERE

Representatives of Various Troops Met Last Night—Plan to Enlarge Work.

A conference of men interested in the Boy Scout movement was held last night at the Y. M. C. A. headquarters in the Scott block. At this session a second class council was organized with a charter membership of ten. The representatives of various Scout troops were present and it was the opinion of all that the organization of a council will be distinctly helpful in pushing the work. As it is now the ten or eleven troops are working independently. They have some lines of work in common but it will be possible to accomplish much more under a general working agreement.

The hope is also thru the formation of a council to train Scout masters, men who will be interested in the work and capable of giving the leadership upon which so much depends.

In the temporary organization effected last night Rev. D. V. Gowdy was chosen as chairman and J. S. Findley as secretary. The conference agreed upon a group of officers for permanent organization, but these men will be interviewed before any further steps are taken. The following troops were represented at the conference:

Harry Walker—Troop No. 2.
D. V. Gowdy—Troop No. 5.
George Drennan—Troop No. 8.
C. F. Ehrig—Troop No. 4.
Fred Hopper—Troop No. 7.
W. H. Marbach—Troop No. 9.
Troop No. 1 and 3 are at the School of the Deaf and are under Scout Master Putnam and Brasell. A troop is in process of formation at the Baptist church.

Rev. Mr. Gowdy is especially interested in Boy Scout work as he has been engaged in this definite movement or something akin to it for the past fifteen years. He was a Scout Master at Rushville for two years, at Barry for three years, and is especially skilled in camp craft.

J. S. Findley is experienced in work with boys and will probably be an officer of the permanent organization. The council will be a part of the national Boy Scout organization and its activities will be conducted in accordance with the established rules.

In communities where an all-time Scout Master is employed a council of the first class can be

organized. Without such an officer a council is known as second class. There are more than 1200 boys in Jacksonville of Scout age.

PITTSFIELD MOPS UP ON GRIGGSVILLE

Defeat Rivals by Score 34 to 13—Coach Foltz Uses Substitutes In Second Half Who Easily Held Visitors.

Pittsfield, Feb. 8.—With a string of substitutes playing thru almost the entire second half Pittsfield high easily defeated the Griggsville high tonight by a score of 34 to 13.

McConnell, Plattner and Walsh were able to score almost at will against Griggsville. The score at the end of the first half was 14 to 0 in favor of the locals. During the second half Coach Foltz sent in a string of substitutes and they were able to hold Griggsville almost as well as the regulars.

Pittsfield gave a great exhibition of team work and the pivoting and turning of the men was the feature of the game.

Pittsfield goes to Waverly Friday night for what probably will be the stiffest game on her schedule. Waverly has been going great this year. While Pittsfield has been sweeping everything before her.

The score:

CIGAR MAKERS HELD THEIR ANNUAL BALL

Handsome Social Event Given Under Union Auspices—Local Organization Big Factor in Industry.

The record of social events of Jacksonville is not complete without mention of the annual ball of Cigar Makers Union No. 114. Tuesday evening was the occasion of this gala event at Armory Hall and it was attended by a great crowd of cigar makers and their friends, tripping the light fantastic to the strains of one of Jacksonville's popular orchestras. Large and to say that those in attendance enjoyed the evening is putting it mildly.

This was the 35th annual ball of this union. It was in June 1886 that this union was organized with J. Rodersheimer, president; C. Cassell, vice president; Frank Vasconcellos, recording secretary; Fred Reuter, financial secretary; J. H. Ward, treasurer, and G. Osterbrink, sergeant at arms.

With the exception of one or two seasons these affairs have been annual events looked forward to by the dancing people of the city. About every ball in the city has been used for these occasions. For a number of years the old Turner Hall, on the site of the Cherry Annex, was used for this purpose, and many a festive time was had by the now older people in their youthful years, and is well remembered by them. The fascination attendant upon these occasions seems not to have lost any of its value, as indicated by the presence and conduct of the large and joyous crowd at Armory Hall last night, and for which the cigar makers wish to express their thanks to the public.

It is not generally known to what extent the cigar industry contributes to the well being of Jacksonville. The local union has grown from a mere handful in 1886 to about 150 members. And in addition about 150 more people find employment in the factories of the city, as packers, casters, strippers, helpers and box makers, so that it may be said that there are approximately 250 wage earners in this industry contributing toward the welfare of Jacksonville. When a merchant buys cigars made in New York or elsewhere he sends the money, paid as wages, to New York where it is used, and Jacksonville gets none of it. The 250 here help to keep active the various institutions at home, and the history made by these pioneers and their successors is a creditable one, which should be supported by our merchants even to a larger degree than it is. Jacksonville has a reputation in this industry which is becoming a national one. There must be a reason for this.

The present officers of this organization are: Charles Hess, president; George Doenges, vice president; H. H. Zeller, secretary; C. W. Devlin, recording and corresponding secretary; Henry Rohlf, treasurer.

The committee in charge of the ball this year was as follows: Virgil Flynn, Charles Blesse, Albert Fellers, H. Tendick, Harry Mahoney, Claude Williams, Charles Armstrong, John O'Brien, Frank Sullivan.

PYTHIAN LODGE TO RECEIVE BIG CLASS

An enthusiastic meeting of Jacksonville Lodge No. 122 Knights of Pythias was held last night. A number of additional applications for membership were given favorable consideration, bringing the number up to 30. This class, which includes a number of well known Jacksonville young men, will be started in Pythianism at a special session to be held next Monday night. Officers of the lodge and team members are looking forward to the Monday night session with special interest and a large attendance of the members is anticipated.

Jacksonville lodge is starting on a new era of activity and the enlarged facilities of Pythian temple will without doubt increase the interest in lodge affairs.

JUDGE JENKINS TO VISIT INSTITUTIONS

Director of Public Welfare Will Personally Inspect All Properties Under His Care.

SPRINGFIELD, Ill., Feb. 8.—In an effort to obtain first hand information on the condition and management of the State institutions, Judge C. H. Jenkins, the new Director of Public Welfare, will visit every institution and personally inspect it, he declared today. He has already visited some and will make weekly trips until all have been seen.

"The thirty thousand wards of the state, deserve the best possible care and attention," Judge Jenkins said today. "Governor Small, in his inaugural message, devoted considerable space to a discussion of the necessity for efficient and humane management of the institutions. He has made it plain that the welfare of the state's wards will be one of the chief concerns of his administration."

"I fully realize the importance of my task as Director of Public Welfare and I am anxious to avoid mistakes due to misinformation or lack of information. That is the reason I have determined to acquaint myself fully with the situation in every hospital in the state before deciding upon any general policy."

CAR AND BUGGY COLLIDE

A car driven by L. T. Potter came into collision with a horse drawn vehicle near the corner of West State and Koslusk streets about 6:30 o'clock last night. Mr. and Mrs. Thomas Baptist and a child were severely bruised but fortunately escaped serious injury. They were taken to the office of Dr. Rowe and given the necessary medical attention. The vehicle was wrecked.

MANY ORDERS MADE IN CIRCUIT COURT

Judge Burton Considered Various Cases at Tuesdays Session.

Judge F. W. Burton in the circuit court yesterday heard argument on a number of motions and while there were no jury cases it was a busy day in court. In the estate of Ellen Chapin, objections to the final report were overruled and the case was certified to the county court.

In the appeal of the case of Hannah Six vs. the Estate of Mary Gibson, by agreement, the case was withdrawn.

The term report of Henry W. English as master in chancery, was filed and approved.

In the partition suit of Reon vs. Lucy McKerral, decree of sale was entered.

In the divorce proceedings of Bertha Delaney vs. William Delaney the original decree was modified. At that time Mrs. Delaney was given the custody of the children and provision made for alimony. By the order yesterday the alimony provision is cancelled and custody of the children given to Mr. Delaney.

In the divorce suit of Arlo Mansfield vs. Nevada Mansfield, decree was entered in favor of Mr. Mansfield on the ground of desertion and he was given the custody of the children.

In the suit brought by John P. Yeck vs. Zachariah Colburn, to quiet title, a decree was entered.

In the bill of Sylvester Sheppard vs. Pearl Gunn, et al., all adult defendants were called and made default and the cause was referred to the master.

In the Farrow divorce proceedings the decree was entered in favor of Mrs. Zella Farrow on the ground of desertion.

Most of the afternoon was occupied in the partition suit of A. M. Masters vs. Mary M. Newcomb. This involves certain matters relating to the estate of the late William R. T. Masters and a contract that was made by him during his lifetime with J. F. Junlap.

The particular question involved in the present instance is with reference to the payment of taxes. The demurrer filed by Bellatti, Bellatti & Moriarty as attorneys for Mr. Dunlap was overruled and time for reply was extended to Feb. 19. Thomas D. Masters of Springfield, is attorney for the complainant.

OLD JACKSONVILLE

SOME MATTERS OF INTEREST

By Linsley Moore

(Member Illinois State Historical Society)

About fifty years ago quite a number of events occurred that are worth recalling.

Some persons have asked the "O. J." chronicler why he does not write of newer things. Younger people say, "I have read such and such articles, but a good deal of what is written is too new for me."

Well, this paper will, perhaps, appeal to their "limited understanding."

Jacksonville Natural History Society

Was organized in 1870 for the study of that department of work.

Among the earliest members were: Mr. and Mrs. H. H. Hall, Prof. and Mrs. H. E. Storrs, Prof. G. W. and Mrs. Bailey (they were Ruth's parents), Dr. Samuel Adams, Howard A. Turner, Mrs. M. T. Carriel, Miss Susan F. Ellis, Miss Mary Selby, Prof. and Mrs. Harris and Dr. and Mrs. H. V. Milligan. The society was organized to study the natural history of the area, and to publish books and personal experience was availed of.

Oak Lawn Retreat

Was organized by Dr. Andrew McFarland, for the treatment of mental disorders and it was incorporated in 1872.

Our people need scarcely be told that Dr. McFarland had been superintendent of the Illinois Hospital for the Insane here from about 1857 to 1870. He did much to advance proper treatment of the insane, and was well qualified in many ways for his undertaking for the state or for himself.

The doctor secured a fine site, out on the Morton road, just east of the present waterworks, and good buildings were erected in due time, the grounds fittingly laid off, and Jacksonville had another institution for the healing and comfort of this class of the afflicted. Just a little before this, under the legislative handling of the Hon. Murray McConnell, state senator, and the active work of Dr. Phillips G. Gillett, of the Illinois Institution for the Education of the Deaf and Dumb (as that school was originally called), the experimental work of the Illinois Asylum for Feeble Minded Children was begun in 1865; Mrs. L. P. Ross, from Philadelphia, being matron and Miss Walton, a teacher.

The institution occupied the Duncan residence, Duncan Park, and additional temporary buildings were erected.

This experiment was continued and developed advantageously here till 1875, when the legislature saw fit to take it from its proper home, to Lincoln, Logan county, where it has grown into a great and valuable asset of the state. As has so often been the case, Illinois and humanity were indebted to Jacksonville for starting this good enterprise.

Population.

According to the census of 1870 Morgan county had a population of 26,202 persons. Jacksonville's share thereof was 9,203. In the fifty years this had just about doubled.

LATE HENRY VANNIER TO BE BURIED TODAY

Funeral of Scott County Resident to be Held at Home of Daughter This Morning—Obituary Facts.

Bluffs, Feb. 8.—Funeral services for the late Henry Vannier will be held at 11 o'clock this morning from the home of his daughter, Mrs. Howard McCullough, near Riggs, Rev. W. D. Cochran of Cowden will officiate. Burial will be made in the Gillham cemetery.

The death of Mr. Vannier came at 11 o'clock Sunday morning at the home of Mrs. McCullough after an illness of but a few days. The deceased was sixty-four years of age at the time of his death. He was born at the Vannier homestead near Bluffs in 1857 and grew to manhood in the vicinity of his birth place. In 1877 he was united in marriage to Miss Mary Coole.

Two children were born to this union, Arthur Vannier, proprietor of a china store in Jacksonville and Mrs. Mary McCullough residing near Winchester.

Deceased was a man of high ideals and a business man of sound judgment and deep convictions. While he was not a member of any church, in health he regularly attended the F. M. church of Bluffs and paid liberally toward the support of the work of the church. For the past ten years he had been in failing health and early in November the faithful and devoted wife went with him to the home of their daughter where she could assist in giving him every care and attention, but all that loving hands could do was done in vain.

Besides the widow, one son and one daughter, deceased is survived by two brothers, L. V. Gower, Springfield, Richard Vannier and one sister, Mrs. Louisa Vangundy of Bluffs.

STEWARDSHIP CONVOCATION Remember the Stewardship Convocation at Brooklyn church tonight at 7:30. Come and bring your Bible. Luncheon will be served by Mrs. John Kastrop and Mrs. Charles Curtis.

Mrs. Hazel Belle Long Norris is spending a few days with her mother, Mrs. John K. Long of West College avenue.

City Features.

Jacksonville was chartered as a city, and took on that form of government in 1867. The public schools being thrown in as a part of the liability of the new style.

John Mathers was the first mayor, with Robt. T. Osborne, Chas. H. Howard, D. M. Simmons, Alexander Edgmon, aldermen, H. O. Cassell was city clerk; Ellis M. Allen, marshal Wm. L. English, attorney and Andrew N. McDonald, collector and assessor.

A city must have water, although by law it was "dry" as to liquor, but the water question had been considered for some time. This brought about work on water works beginning in October, 1872. The distributing reservoir, College Hill, was finished in August, 1873. The impounding reservoir in the "Perham ravine" was completed in December of the same year, twenty-five acres of land being secured there. The project had been authorized by vote of the people, June 15, 1869, bonds to the amount of \$150,000 being voted. City water was turned on in 1874.

Diamond Grove Cemetery

For which part of the land embraced in it now was purchased about 1868, additional ground being added later was dedicated in September, 1869. The principal feature of the exercises was the unveiling of the monument to Mr. Roe, near the entrance to the grounds.

On the eastern side of the base was the following inscription:

"Isaac Fort Roe
Son of
Rev. Ozel Roe, of
Woodbridge, N. Y.
Left New York for the West,
Oct. 15, 1819, Settled in
Diamond Grove
In February, 1820,
Died Oct. 12, 1821,
Aged Forty-Eight Years.

Dr. Chandler, who attended Mr. Roe in his last illness, and Mr. Hiram Reeve were present at the dedication.

Progress for the Deaf.
In the fall term of 1868, of the Illinois school for the Deaf, two experimental classes in articulation were formed, and after sufficient trial, the work was continued, and three teachers were employed in work soon afterward. The legislature of 1869-70 made an appropriation for printing presses and equipment for teaching, "the art of arts," which became a means of livelihood to many of the pupils since. An art department was subsequently established, and so the children had additional means of broadening experience and of professional training.

In 1870 the institution had established its own water system.

The Last Town Trustees

Were elected in 1866. Their names were Ralph Reynolds, Chas. H. Howard, Eliza Wolcott, James H. Linton and Isaac J. Ketcham. Mr. Ketcham was a lawyer, and he is said to have prepared the charter, under which the city government was set up in 1867.

BROKEN IRON POLES CAUSED ACCIDENT

Falling Pole Damaged G. W. Patterson's Car—Lucky Escape for Driver.

An unusual accident happened on the public square about 3 o'clock Tuesday afternoon. The trolley pole of a street car slipped and the vibration of the wires broke an iron pole located in front of the Kroger store, on the east side of the square. G. W. Patterson of 311 West North street was driving north in his automobile and the pole fell in such a way that it struck his car on the engine hood. The car was considerably damaged but fortunately Mr. Patterson escaped without injury. If the car had been moving a little more rapidly this happening would have been far more serious.

The vibration of the wires also broke another pole at the park curbing. The accident happened in such a way that power was automatically shut off. General manager E. H. Gray had a force of men on the ground speedily and in about an hour's time temporary repairs had been made. There was some delay in this work as the line foreman and the second linemen were both sick. However, Manager Taylor of the Illinois Bell Co. was able to send several men to assist with the work.

The accident did not happen as the result of rusted poles for the two were broken off a considerable distance above the ground and not at the point where deterioration naturally takes place from the rusting process.

Buy It To Use

YOU ought to use your silverware. Every piece, from the largest silver tankard all the way to the tiny vanity box was made for utility. You should use it, every day, exactly as you use your automobile, your dining table, and your living room furniture.

You will notice one great difference, of course. Silver does not depreciate. Anything made of sterling silverware grows more valuable as the years go by. You can always keep it looking like new. You cannot break it, chip it or scratch it—even a bad dent or scar can be soon smoothed out by an expert silversmith.

Is it not a mark of prudence to buy more silverware? Every dollar you spend with us will be worth more than a dollar, by and by. Every silver article we sell you, will give you service, day by day. Silver is the housekeeper's best friend. Buy it to use.

ROTARIANS GOING TO TO INTERCITY MEET

Conference in Springfield Will Attract Club Members From All Parts of the State.

The Jacksonville Rotary club will be well represented at the Inter City convention which will be held in Springfield today. It is the expectation that 500 Rotarians will assemble for the program and conference that has been arranged for the day.

Raymond Havens of Kansas City, who is international president and E. C. Fisher of Rock Island, who is the district governor, will be the principal speakers. Dr. David Kinley of the University of Illinois will also make an address, dealing especially with the financial requirements of the university. Rotary clubs in a number of cities have joined in an effort to use their influence to have the legislature make large appropriations for the development and operation of the university.

Among those who have indicated to the local secretary the intention of attending the conference are C. J. Ruhner, P. J. Blackburn, Walter Ayers, G. H. Koppert, E. E. Crabtree, A. C. Metcalf, J. W. Hubble, H. L. Caldwell, C. H. Russell, Rev. Father Cahill, Dr. A. H. Doller, Rev. M. L. Pontus, C. A. Johnson, R. V. Rowe, F. M. Spink, W. W. Gilliam, L. T. Potter, James Guyette.

The sessions will begin this morning and continue thru the afternoon and evening. The Jacksonville men will return Thursday morning.

INTEREST GROWING IN AUTOMOBILE SHOW

Interest is growing in the show to be given by automobile dealers of the city in the H. Z. Auto Inn in the first of March.

Merchants in other lines of business are showing enthusiasm and indications point to a number of exhibits aside from automobiles and accessories.

Hudson Brothers plan to have an airplane on exhibition in addition to tractors, Maxwell and Chalmers cars. The plane will be exhibited in such manner that all working parts can be examined and will be explained and demonstrations on flying will be given by an expert.

The Hans Electric Company will have a display of trucks and autos as well as accessories and electrical supplies. A special demonstration will be made of the Big 3 Vacuum washing machine, which will be one of the features of their exhibit.

Harmony Lodge No. 2 A. F. & A. M. will hold a special meeting this evening at six o'clock. Refreshments, visiting brethren welcome.

SEW FOR BAZAAR.
The Ladies' Aid Society of the Congregational church held an all day meeting in the church parlors yesterday.

Lunch was served at noon and the ladies spent the day sewing on various articles for the Easter bazaar.

Social Events

Pastor's Aid Gave Supper for Boys.

The Pastor's Aid Society of the First Baptist church entertained the boys of the Y. M. C. A. at a supper Tuesday evening. The society is divided into four circles, Circle No. 2 giving this supper.

Congregational Ladies Met.

The Ladies Aid Society of the Congregational church met in the ladies room Tuesday for an all day meeting with an unusually large attendance. During the day sewing and planning for their next bazaar was the main feature. A few important business matters were also attended to.

Pastor's Aid Met

The Pastor's Aid society of the Grace M. E. church held an all day meeting in the church parlors Tuesday. There was a very good attendance and the members spent the day doing quilting and other sewing. Dinner was served from the church kitchen at noon. In the afternoon a business meeting was held at various committees were appointed for the coming year. This report will be published in the Journal Thursday morning.

Missionary Society Studies Korea.

The Woman's Missionary society of Westminster church met yesterday afternoon at the home of Mrs. D. P. Roy at her home on Prospect street.

Mrs. W. S. Jones had charge of the program, the subject of which was "Korea." Mrs. Jones told of the social and political life of the country and also of the missionary work which is being done there. Miss Margaret Moore also gave a very interesting talk on conditions in Korea.

The afternoon's discussion was especially interesting and instructive. It was brought out that the Presbyterian church maintains the largest number of mission schools in Korea. An enjoyable social hour followed the program.

Strawn's Crossing Country Club Meets.

The Strawn's Crossing Country Club was entertained yesterday afternoon by Mrs. Henry Strawn at her home on South Clay avenue.

The afternoon's program was a very interesting and practical one. Mrs. Edward Deaton had a paper on "The Home, Its Work and Influence." Mrs. A. C. Foster told of the great practical advantage of keeping household accounts and a family budget. Both papers were a real help in solving the many problems that confront the housewife.

"Stretching the dollar" was the subject of the lunch with which each member answered roll call. Among guests at the meeting were Mrs. Charles Strawn, Mrs. J. T. Little, Mrs. Beerup and Mrs. Marie Davenport of Alexander.

A social hour during which refreshments were served ended this most pleasant afternoon.

Ella Ewing Circle Met Last Evening.

The Ella Ewing Missionary society of Central Christian church met last night with Miss Kate Clarkson on West College avenue. Miss Alice Green was the leader for the evening and several of the other members assisted in the program by reading missionary leaflets and entering into the discussion.

The society is studying the book "Making Life Count," and last night the life of the miners and southern mountaineers was discussed. Ways of helping these people get the most out of life and of helping them to improve their environment, were discussed by the various members.

The usual social hour followed the program.

Tea for Alumnae of Belles Lettres

The Belles Lettres society of Illinois Woman's college gave a tea yesterday afternoon for the former members of the society in Jacksonville. The affair was given in the Belles Lettres hall at the college and there were about forty guests present.

Miss Catherine Miller sang two charming solos and Miss Fonda Mae Jameson gave a delightful reading. Plans were also discussed for the banquet this spring which will celebrate the seventy-second anniversary of the founding of the society.

The hall was attractively decorated with flowers and afternoon tea was served in the social hour following the program.

Queen Esther's Met With Miss Florence Bentley.

The Queen Esther Society of Century church held its regular monthly meeting Tuesday evening at the home of Miss Florence Bentley on South Sandy street. The devotional services were led by Miss Ruth Fenstermaker. Her subject, "Confidence," Song, "I Love to Tell the Story."

In the business session it was decided to postpone the play until after the revival. Two new members were admitted to the society, Mahdi Biggs and Phoebe Roddy. The leader was Genevieve Phelps. Her topic being "Community Civics." A reading "The Night Run of the Overland" was given by Helen Phelps. After a social hour, delicious refreshments were served by the hostesses, Miss Florence Bentley and Miss Irene Milnes.

Entertain for Bride and Groom-to-be

Dr. and Mrs. A. L. Adams and son, Worthington, entertained Tuesday evening in honor of Miss Lora Bancroft and Harold Swain,

who are to wed this week. The affair was given in the attractive blue room of the Peacock Inn. The guests included only the families and intimate friends of the guests of honor. Music was furnished by an orchestra and the guests enjoyed the generous hospitality of their hosts until a late hour. An excellent supper was served by the Inn during the evening. The affair was one of the most delightful of the pre-nuptial events given for Miss Bancroft and Mr. Swain.

State Street Missionary Society Met Tuesday.

The Woman's Missionary society of State Street Church held its regular meeting Tuesday afternoon with Mrs. John Cherry on South Church street. There was a large attendance in spite of the rainy afternoon.

The following officers for the coming year were elected:

President—Miss Josephine Moore.

First Vice-president—Mrs. S. M. Foley.

Second Vice-president—Mrs. Will Robertson.

Recording secretary—Mrs. Cherry.

Treasurer—Miss Nellie Cunningham.

Corresponding secretary—Mrs. Mary Dunlap.

Secretary of Literature—Mrs. James Brown.

The society is to be congratulated on having Miss Morey for its president another year, as the work under her direction has been so successful.

The devotional exercises were conducted by Mrs. Albert Hall.

The program for the afternoon was in charge of Mrs. Henry Chapin, who in a very interesting way told of our medical mission. She was assisted by Mrs. Lanning who made us better acquainted with the Woman's Missionary our own society is helping to support, and Mrs. Cunningham who read a very informing letter from the wife of a medical missionary in China.

A short play entitled, "Where Shall I Hang My Sign," was given by six young ladies of the church, Miss Cora Cherry taking the part of the young woman doctor just graduating and wondering where to open her office and hang out her sign. Five other girls came begging her to come to their country and people. Miss Frances Strawn came pleading that she come to China. Miss Florence Chapin taking the part of a teacher from Africa, begged that the young doctor come to Africa. Miss Margaret Tomlinson asked the young doctor to come to Japan. Miss Mary Hall imploring her for the Moslem women and Miss Elson Pires presenting the needs of India. It was very good and impressed all who saw it with the needs of these countries.

All remained for the social hour which followed the program, the hostess assisted by the young ladies in costume serving delightful refreshments.

The next meeting will be held at the church with the executive officers as hostesses.

Have
You
Seen it
Yet?

Does it seem possible to you that twenty-five cents will actually buy anything that is really worth twenty-five cents now-a-days? Could you believe it if you saw a tooth paste of the very best on sale for twenty-five cents? Would you believe it if you saw a regular fifty-cent face powder on sale for twenty-five cents? Does it seem at all likely that there is a cold cream of real merit available for twenty-five cents? Would you like to know where you could get three cakes of the best grade toilet soap for a quarter? Can you get anywhere else a LARGE jar or vanishing cream for this same amount of money? How long has it been since you were able to buy a tooth brush of fifty cent quality for twenty-five cents? Finally, are you willing to save twenty-five or fifty cents by walking a few steps or stopping a few seconds as the case may be, to look in a window where all the above are displayed? If so on the east side of the square, next to the Elliott State Bank you will see a window with an abundance of these articles displayed. Have you seen it yet?

Famous Old Recipe for Cough Syrup

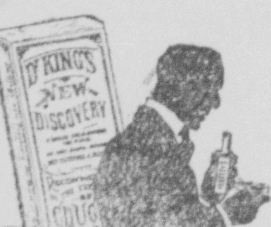

Easily and cheaply made at home,
but it beats them all for
quick results.

Thousands of housewives have
found that they can save two-thirds
of the money usually spent for cough
syrups, by using this well
known old recipe for making cough
syrup. It is simple and cheap but it
is as equal for prompt results. It
is the right kind of a cough and gives
immediate relief, usually stopping at
any cough in 24 hours or less.

Put 2 1/2 ounces of Pinex in any
bottle, pour it into a pint bottle,
and add plain granulated sugar syrup
to make a full pint. If you prefer,
use clarified molasses, honey, or corn
syrup, instead of sugar syrup. Either
way, it tastes good, keeps perfectly,
and lasts a family a long time.

It's truly astonishing how quickly
it acts, penetrating through every air
passage of the throat and lungs—
loosens and raises the phlegm,
soothes and heals the membranes, and
gradually but surely the annoying
throat tickle and dreaded cough dis-
appears entirely. Nothing better for
bronchitis, spasmodic croup, hoarse-
ness or bronchial asthma.

Pinex is a special and highly con-
centrated compound of genuine Nor-
way pine extract known the world over
for its healing effect on membranes.
Avoid disappointment by asking
your druggist for "2 1/2 ounces of
Pinex" with full directions and don't
accept anything else. Guaranteed to
give absolute satisfaction or money
promptly refunded. The Pinex Co.,

JOSEPH MEDILL SCHOOL OF JOURNALISM OPENS

Joseph Medill and Some of the Notables, Including His Three Grandsons, Who, by Speeches and Letters, Partici-
pated in the Dedication of the Joseph Medill School of Journalism of Northwestern University at Evanston
Last Evening. New Institution Starts with Nearly One Hundred Students.

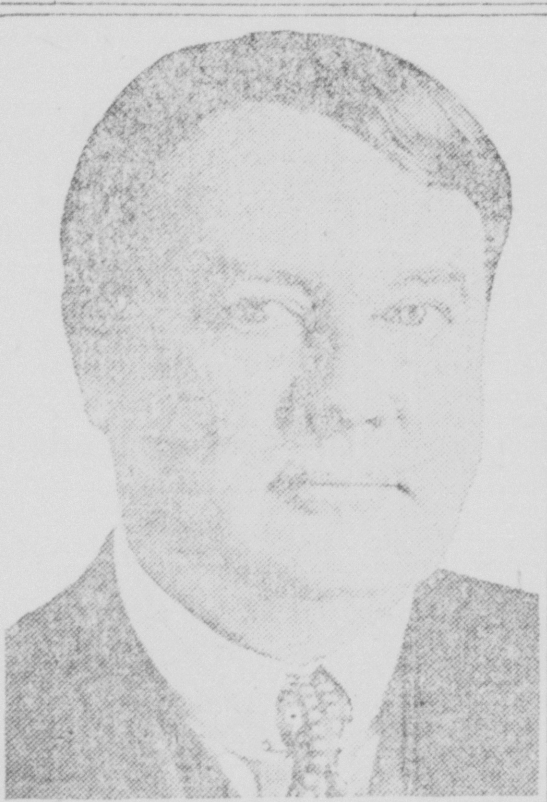

COL. R. R. MCCORMICK

SENATOR MEDILL MCCORMICK

CAPT. J. M. PATTERSON

LORD NORTHCLIFFE

JOSEPH MEDILL

ARTHUR BRISBANE

Two decades after his death
the ideals and the personality of
Joseph Medill are a living factor
in American journalism. The new
foundation of Northwestern Uni-
versity, the Joseph Medill School
of Journalism, was dedicated by
a distinguished group of publi-
cists and educators last evening
and the occasion gave signal
proof of the vitality of the tradi-
tions established by a journalist
who was friend and counselor of
Lincoln in dark hours of the re-
public and for forty-four years
the soul of the Chicago Tribune.

By cable from editors in Lon-
don and Paris and from the lips
of American editors and univer-
sity presidents came words of
tribute to the public services of
the old editor, whose dying
words were "What's the news?"
From Tributing House Square,
London, Lord Northcliffe, editor
of the Times, enabled eulogy of
the life long since closed but still
an influence and a factor, and to
the nearly one hundred students
of the new school the director of
"the Thunderer" sent words of
greeting.

WALTER DILL SCOTT

VICTOR LAWSON

From their Paris offices
Messrs. Lauzanne of Le Matin
and Du Puy of Petit Parisien
wired the editorial counsel
of veterans. In the same way
Lady Bathurst editor of the Lon-
don Morning Post spoke to the
new school's women students,
who in number nearly equal the
men. And from Miami President
Eliot Harding, telegraphing as
Editor Harding of the Marion
Star, uttered the wisdom of
thirty-six years of experience in
Ohio journalism.

Joseph Medill's three grand-
sons, Col. Robert R. McCormick,
Capt. Joseph Medill Patterson—
the present editors of the Chicago
Tribune and associates with
President Scott of Northwestern
University in the founding of the
Medill school—and United States
Senator Medill McCormick, par-
ticipated in the exercises thru
speeches and letters. Victor F.
Lawson, editor of the Chicago
Daily News, spoke on "Joseph
Medill as I Knew Him," and
Arthur Brisbane gave the stu-
dents stern advice.

and season with the following mix-
ture, allowing to every 10 pounds of
meat, 2 1-2 ounces of fine salt;
1 1/2 ounces of black pepper; 1 1/2
ounces of ground sage (or leaf
sage ground fine.) The seasoning
should be sprinkled over the meat
and the two mixed together and
run through a meat chopper a sec-
ond time. Bulk sausage may be
packed in a stone or glass jar and
the air kept out by a thin coating
of melted lard poured over the
top.

Head Cheese.
Boil 23 pounds of pork taken
from the head, heart, and tongue,
and trimmings. When the meat
separates from the bones cool the
mixture and separate the bones
from the meat. Cut the meat in-
to 1-2 or 3/4-inch cubes and add
the seasoning, 1-4 pound pepper,
1-2 pound salt, 1/4 ounce allspice,
1/2 ounce cloves, 1-2 ounce car-
away, 2 quarts broth in which the
meat was boiled. Mix thoroughly
together. The cheese may be put
into a clean hog pan or it may
be put into a two-inch pan to cool.
Philadelphia Scapple.
Meat cooked as for head cheese
is used. To 25 pounds of meat
use 1-4 pound of pepper and 1-2
pound of salt. The bones are re-
moved and the meat turned into
the liquor in which it was cooked.
It is then heated to the boiling
point and corn meal added slowly
with constant stirring until the
mixture is as thick as corn meal
mush. It should be stirred and
boiled for 15 minutes to distribute
the fibers of the meat throughout
the mass and then cooked very
slowly for an additional hour.
Pour it into shallow pans 2 inches
in depth, cool and keep in a cool
place. It is then sliced thin and
fried as needed.

Soup Meats for Canning.
Place 25 pounds of ribs, joints,
marrow bones cracked in a thin
cloth sack in a large kettle holding
5 gallons of cold water. Simmer,
do not boil, for at least six hours.
Skin off the fat. Remove the
sack of bones and add boiling wa-
ter to make five gallons. Pack in
sterile hot glass jars, partially seal
and sterilize for one and one-half

hours. Seal thoroughly and keep
in a cool place.

PATRIOTIC MONTH

IN THE SCHOOLS
As every American knows Feb-
ruary is the month in which the
birthdays of two of our greatest
Americans occur—those of Wash-
ington and Lincoln.

In the public schools this month
special attention is being given to
studying the lives of those great
men. Programs are being pre-
pared and reading and history les-
sons are being chosen which bear
on the subjects of the great ser-
vices which these men rendered to
our country and the world.

The school children are the
country's future citizens and the
teachers are doing all they can
this month especially to teach the
children the qualities of character
that make for true Americanism.
Lincoln and Washington possessed
these qualities.

Tire Prices

But that's not the point. In addition there are more
cars running this winter than ever before, because
there has been little or no snow. This means that
there are more tires being worn out. The common
saying is, I will make the old ones do. Do until the
price comes down. This may and may not come.

What Does This Mean?

That instead of buying one tire now, you will have
to buy three or four later. Buying what you need
now, will distribute your expenditures, at different
times over the year, and to most people is easier done.

SINCLAIR MAN LEAVES FOR KANSAS CITY

N. T. Fox to Visit Daughter in Missouri City—Hebron S. S. Gives Supper and Entertainment—Other Sinclair News.

Sinclair, Feb. 8.—N. T. Fox left Tuesday morning for Kansas City for a few days' visit with his daughter.

Marion Means arrived in Sinclair Sunday afternoon on his way home from Mississippi where he had been called to see his mother, who is seriously ill with little hope of recovery. However, the patient was somewhat improved when Mr. Means left her bedside.

Earl Moody will hold a closing out sale at his farm two miles east of Sinclair on Feb. 15, and Calvin Lawson will hold a closing out sale on the 16th at his farm three miles south of here.

Dr. T. A. Wakeley, whose death occurred recently at a Philadelphia hospital, formerly practiced medicine here. Many old friends in this community regret to hear of his death.

Cr. Haineline has returned home from North Carolina, where he has been visiting relatives and friends for the past two weeks.

Mr. and Mrs. George E. Rusk of Jacksonville visited Sunday with Mr. and Mrs. W. H. Smith and family.

The Hebron Sunday school gave a supper and entertainment recently as a farewell to Amos Swain and family and W. T. Richardson and family, who are soon to remove from the neighborhood.

Both families have many friends who deeply regret to have them leave, but who wish them happiness and prosperity in their new homes.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection.

The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes.

If paying thru the banks, leave your old receipts with your bank as soon as possible.

ABOUT THE MARIONETTES

The Marionettes, that gay and gallant band of players, have left their old ancestral haunts in England, France and Italy, and have arrived in America, where, as Gordon Craig cleverly puts it, "They are knocking on the actors' doors."

Tony Sarg and his company, for the puppets are worked by very clever actors, has electrified people whose only idea of a marionette show is a faint memory of the Punch and Judy of their childhood days.

The Tony Sarg marionettes give a very much glorified performance, filling a whole stage instead of a booth, and carry with them very pretty and artistic scenery painted by Miss Owen of the company.

Two performances will be given at the David Prince school next Tuesday afternoon and evening, for the benefit of the Boys' Camp of the Rotary Club. We venture to say that the grown-ups who go in the evening will be quite as much entertained and thrilled as the youngsters, who have all read "Pinocchio" and know that a real Italian marionette is a lively individual with a whole lot of ginger in his make-up, well worth going to see.

People who love their "Bab Ballads" will enjoy the performance of the story of "Gentle Alice Brown," who is described thusly "It was a robber's daughter, and her name was Alice Brown. Her father was the terror of a small Italian town."

Of Alice Brown and her spicy adventures we will leave the marionettes to tell you.

INCOME TAX FACTS YOU SHOULD KNOW.

Numerous inquiries have been received by the Bureau of Internal Revenue relating to returns of fiduciaries. The word "fiduciary" is one that applies to all persons or corporations that occupy positions of peculiar confidence toward others, such as trustees, executors, or administrators. A fiduciary for income-tax purposes is any person or corporation that holds in legal trust an estate of another person or persons, or receives and controls the income of another.

A fiduciary relationship for the purpose of the income tax can not be created by power of attorney. In all cases where no legal trust has been created in the estate controlled by an agent or attorney liability under the income-tax law rests with the principal.

Every fiduciary, or at least one of joint fiduciaries, must make a return if the person whose income is in his charge is married and living with husband or wife, and if such person's net income for 1920 was \$2,000 or more; if the beneficiary is single, or married and not living with husband or wife, and the net income was \$1,000 or more; for the estate or trust for which he acts, if the net income of such estate or trust was \$1,000 or more, or if any beneficiary of such estate or trust is a nonresident alien. Where the tax is payable by the fiduciary the return must be made on Form 1040 if the net income was over \$5,000, and on Form 1040A if the net income was \$5,000 or less. If the tax is payable by the beneficiaries, the return must be made on Form 1041.

If the net income of a person who died during the year 1920 remains in process of administration and the net income from the date of the decedent's death to December 31, 1920, not properly paid or credited to any beneficiary, equalled or exceeded \$1,000, a return must be made on Form 1040. The administrator is required to pay and is held liable for any amount of tax which may be assessed on the basis of any such return rendered by him.

Fiduciaries are required to render to the Commissioner of Internal Revenue a return of information showing the distributive share of each beneficiary, irrespective of amount.

Information returns are required also if during the year 1920 income in an amount of \$1,000 or more was paid by the fiduciary to any person, partnership, personal-service corporation, or joint stock company, etc.

Beneficiaries are not entitled to inspect returns rendered by fiduciaries covering the income of the estate or trust in which they are interested.

Returns of fiduciaries must be filed on or before March 15, 1921, and must be accompanied by at least one-fourth of the amount of the tax due. The tax may be paid in full at the time of filing the return or in four equal installments, due on before March 15, June 15, September 15, and December 15.

Fiduciaries are subject to all the penalties that apply to an individual for failure or willful refusal to file an income-tax return and pay the tax on time.

CLOSING OUT SALE.

At farm, 1/4-mile north of Woodson, Tuesday, Feb. 15. Commencing at 11 a. m., consisting of horses, mules, cows and farm machinery. W. E. McCurley.

AMERICA'S GREATEST TRUCK VALUE

Stewarts are made in six popular models—ready for any load—ready for any road. They adapt themselves to 90% of the requirements of American business at about 20% less than the average cost.

Stewarts cost \$200 to \$300 less to buy than the average price of other trucks.

Stewarts cost less to run—For thru simplified design, hundreds of really needless parts, consequently hundreds of pounds of needless weight, are eliminated.

You get a stronger, simpler truck—one that is economical on oil, gasoline and tires.

Stewart Capacities: 3/4, 1, 1 1/2, 2, 2 1/2 and 3 1/2 ton

SEED CORN—We have a wonder-
ful season at Mason City this
year for maturing seed corn
with the result that we have the
finest lot of well dried 1920 crop
of seed corn that we have ever
grown. This corn is gathered
early in the fall and placed on
drying racks when it is very
slowly dried down to twelve or
fourteen percent moisture con-
tent. This gives corn of very
high vitality. We have been in
the seed corn business in a large
way for over thirteen years and
have the largest and best
equipped drying plant in the
world. Our down town plant
is in the center of Mason City,
right on the hard road between
Springfield and Peoria. It is
well worth a trip to Mason City
to see this corn. Price is only
\$3.50 per bushel. Write for

THE DEVELOPMENT OF THE PUPPET

Puppet, a name from the Latin pupus, a child or boy, French poupee, a doll, signifies a child-like image. The Italian fantoccini and the French marionette are other names for puppets. Puppet plays in which the parts of different characters are taken by miniature figures worked by strings or wires in which the dialogue is given by persons behind the scenes are of very ancient date. Figures with movable limbs have been found in the tombs of ancient Egypt. Originally intended to gratify children, they ended in being a diversion for adults.

In Italy and France puppet-plays were centuries ago carried to a considerable degree of artistic perfection. In English literature they are mentioned as motions and frequent allusions to them occur in the plays of Shakespeare, Ben Jonson and other older dramatists. The earliest puppet-plays consisted of representations of Bible stories and seem to have been the last remnants of the morality plays of the 15th century. Ben Jonson says the most popular puppet-plays of his time were the *Prodigal Son* and *Nineveh With Jonas* and the *Whale*. Even the Puritans with all their hatred of the stage attended puppet-plays.

The most noted puppet plays of England were those of Robert Powell at the beginning of the 18th century. He presented *Whittington* and his *Cat*. The children in the *Wood*, *Mother Shipton*, *Mother Goose*, *Robin Hood*, etc. Powell gave performances at the houses of church service and the Spectator printed a complaint from the sexton of St. Paul's Convent Garden, alleging that the people took warning from his bell-ringing that it was time to go to the puppet plays and that his parishioners deserted the church for Powell's puppets.

There is a fine description of a puppet play in France several great novelists devoted their talents to the production of marionettes and the Dutch became the most expert nation for puppet plays.

Italy developed the fantoccini which when they existed might be considered as the legitimate drama as compared with the sensational melodrama of the English Punch and Judy shows. The puppets were managed by an unseen performer below the stage who has his hand thrust into the figures so as to move the head and arms only. In the fantoccini the figures had movable joints, governed by strings managed by a man who passed his arms above the stage to regulate the action of his dramatic personae. These fantoccini were in great vogue in England in the reign of George IV. to the great delight of the young and the gaping wonderment of adults.

The Punch and Judy shows of England were adaptations of an Italian comedy. The name punchinello arose from a blending of English and Italian names of the puppet show. The Punch and Judy performances used figures which were much exaggerated and distorted. These exhibitions in time degenerated and latterly consisted of wretched displays of wooden figures barbarously formed and decorated without taste or propriety while the dialogues were jumbles of absurdities and nonsense.

In recent years there has been a revival of the marionettes in Europe. The fantoccini type of artistic figures in legitimate drama have been developed rather than the Punch and Judy type of distorted figures in street-fair melodrama and comedy. In France during the great war many marionettes were presented in artistic productions.

In the United States Tony Sarg, the well-known illustrator, assisted by Miss Lillian Owen, an artist, some two years ago, presented a company of marionettes in New York. They were highly commended by critics in the best magazines and reviews and have had long and successful runs in New York and Boston. Miss Owen, later produced her own company. Others have imitated the Sarg and Owen puppets in short plays in the vaudeville houses in some of the largest cities.

The American marionette producers have taken advantage of modern scenery and lighting effects and have made such a success that some of the great theatrical managers are already looking forward to using marionettes for the production of Shakespearean and other drama.

Recently for the first time Tony Sarg's and Miss Owen's companies have played outside the larger cities. Tony Sarg has toured some of the larger cities of the East and Miss Owen is coming west for just a few one-day stands. She and her company come to Jacksonville on Tuesday, Feb. 15, from a St. Louis engagement.

James Fairfield, Sr., was up to the city from Piegah yesterday.

William K. Davidson, as complainant, has filed a bill in chancery for divorce against Myrtle Marie Davidson, alias Myrtle Marie Blonden, as defendant, in the Circuit Court of Morgan County, State of Illinois and the same is now pending; that summons in chancery has issued to the sheriff of said County, returnable to the February Term of said Court held in the Court House in Jacksonville, in said County, on the first Monday, being the seventh day, of February, A. D., 1921, and said cause has been continued to the May Term of said court to be held in the same place on the second Monday, being the ninth day of May, A. D., 1921.

Now unless you, the said Myrtle Marie Davidson, alias Myrtle Marie Blonden, shall appear at said time and place and plead, answer or demur to said bill a default will be entered against you, and a decree of divorce rendered as by confession.

F. E. WANAMAKER, Clerk of the Circuit Court of Morgan County, State of Illinois.

Julian P. Lippincott, Solicitor.

MINNEAPOLIS WILL HAVE NEW PLAYERS

Pitching Staff Will Be About the Same as Last Year but the Infield Is Uncertain—Expect to Have Fifty Men on Training Trip.

MINNEAPOLIS, Minn., Feb. 1. Minneapolis baseball fans may find many new members on the team working in the Miller uniform when the American Association opens the 1921 season at Minneapolis. George K. Belden, president of the Minneapolis club declared, when announcing that the local club will begin spring training at Oklahoma City, March 5.

The pitching staff will be nearly the same as last season with James Schauer, Lowdermilk, Robertson, George and Dumont, expected to develop into a winning combination. The outfield too, is expected to be composed of veterans of other Miller campaigns. Wade, Rondeau, Russell and Murphy the choice of pre-season predictions.

The infield, however, is uncertain. Wally Smith who played first base last year has been sent a contract and is expected to report, as is Jennings, who played short last season. Sawyer who played second base last season, is held out, and Ike Davis will not be with the club this year. Belden, however, declared he is optimistic as to the prospects of a good infield. "We have lined out for several good infielders and before the playing season starts expects to show an infield combination that will be hard to beat," he said.

Frank Owens, veteran catcher, who has been made manager of the St. Joseph club in the Western League, will be replaced by George Sheslask, for the past two years catcher for the St. Joseph club. In addition to Sheslask, Mayer who did the bulk of the work last season will be back and Novak, a recruit from the South Dakota league will be available.

Twelve pitchers will report at the opening of the training season. In addition to the veterans, Brundage and Cullop of the South Dakota league, Clark, Pyle, Fisher and Howik will report. There is some chance that Dumont will not be eligible to play. He was with the Boston Americans last season but Mr. Belden said he had received a report that Dumont was on the ineligible list of that league. He expects to have the question definitely decided before the opening of the training trip.

Before the training trip is finished we expect to have had at least fifty men in camp" Mr. Belden declared, "but it will be necessary to use a few of the men who show actual promise to fill up the holes in the St. Joseph club."

GAINED 34 POUNDS BY TAKING TANLAC

Mrs. Doty Says She Was Badly Discouraged Before She Got Tanlac—Now Well and Happy.

"Before I began taking Tanlac I weighed only one hundred and six pounds and now I weigh one hundred and forty," said Mrs. Emma Doty, of 765 East William street, Decatur, Ill.

"I suffered so long and tried so many different medicines without getting any relief that I was discouraged and feared I would never get well. My stomach was in such a disordered condition that everything I ate caused me to bloat up terribly with gas. I finally got to where I felt full and uncomfortable all the time and would wake up in the mornings with those same distressed feelings.

"Right after eating I had awful pains in the pit of my stomach and sometimes felt almost deathly sick. My kidneys worried me and I had terrible pains in the small of my back. I had nervous sick headaches and was so restless at night I would roll and toss for hours.

"Since I began taking Tanlac I can eat as heartily as I ever did in my life and my food agrees with me perfectly. For I never have a touch of indigestion. All that trouble from gas and nausea after eating has left me. I never have a headache, am free from nervousness and sleep fine at night. My kidneys don't worry me, I never have a pain in my back, in fact I feel fine all the time."

Tanlac is sold in Jacksonville by Coover Drug Co., Wyle Drug Co., Franklin and Waverly and leading drug stores in all cities.—Adv.

Orville Moss and Fred Perry were also visitors from north of the city yesterday.

Petroleum Industry Proves Value of Self-Government

"It took the excessive war-induced centralization of economic and industrial functions in the hands of government to dramatize the essential fallacy of trying to substitute the politician for men functionally fit for the job in hand."—Glenn Frank, *Editor of the Century Magazine*, in *The Politics of Industry*.

The clarity of Mr. Frank's reasoning was demonstrated by the efficiency of the petroleum industry during the war-time period.

Petroleum was the one basic industry which was left in the hands of men trained "for the job in hand" and their efficiency enabled the Allies to float to victory on a sea of oil.

The lessons learned during that period of stress have enabled the Standard Oil Company (Indiana) to increase its usefulness as a manufacturer of petroleum products.

The Standard Oil Company (Indiana) has learned that a minimum of political interference with economic processes is essential to this or any other highly specialized industry that it may continue to improve the service it renders.

The Standard Oil Company (Indiana) believes that the government of any business enterprise should come from within the industry, and that this government should be beneficial alike to capital, labor, management, and the public.

The Standard Oil Company (Indiana) is organized upon a broad base to bring about this desirable condition.

The Board of Directors, who are responsible to the stockholders for the management of the Company's affairs, acknowledge the social obligation which the Company has assumed, and which they interpret to mean the efficient refining and distribution of essential petroleum products of superior quality; to make these products available everywhere, and at prices which put them within reach of all.

To accomplish this essential task, the Standard Oil Company (Indiana) has continually broadened the base of its operations, intrusting the administration of its complex and highly specialized business to men of acknowledged authority, ability, and vision.
